Placer County Board of Supervisors
Placer County Executive Officer
175 Fulweiler Ave.
Auburn, CA. 95603

Dear Mr. Boesch:

We are writing to you as residents of Placer County and members of the Placer County Grand Jurors' Association (PCGJA). Our Association is comprised of members of past Placer County Grand Juries. Our goal is to support the grand jury system and promote local government accountability.

In the 2013-14 Placer County Grand Jury Report, DeWitt Costco Lease And Its Impact On Seniors, Grand Jury Finding F4 stated “The Grand Jury found no evidence of any long-term (five years or more) planning on the part of the County to identify the needs of the growing senior population, and the consolidation of resources to satisfy these needs.”

The Grand Jury's Recommendation R2 was that “Placer County move proactively to create a five year plan for the creation of an umbrella organization that will bring together all governmental and non-profit organizations providing supportive senior services under one entity to County seniors both able and disabled; and that the County Director of H&HS coordinate the effort on behalf of the County.”

The Board of Supervisors Response: was “This recommendation has not yet been implemented, but will be implemented in the future.” The Board of Supervisors agrees that it is important to move forward to create a plan in order to address the needs of the increasing population of seniors. Placer County Health and Human Services Department will participate in this effort along with key stakeholder organizations, including the Placer County Older Adult Advisory Commission and Area 4 Agency on Aging. The Board of Supervisors does not however believe that there needs to be the creation of a new, potentially duplicative, umbrella organization, and instead suggests that working closely with existing organizations and groups dedicated to serving seniors would be a more effective and sustainable strategy.”

The following states what is required of a response: CA Penal Code Section 933.05 (b)(2) “The recommendation has not yet been implemented, but will be implemented in the future, with a timeframe for implementation.”

We have found that your response is not in compliance with the above as you gave no timeline for implementation. Please respond within thirty (30) days of this letter via email to

Placer County Grand Jurors' Association

County Executive
Placer County Board of Supervisors
175 Fulweiler Ave.
Auburn, CA. 95603

Dear Ms Montgomery:

We are writing to you as residents of Placer County and members of the Placer County Jurors' Association (PCGJA). Our Association is comprised of members of past Placer County Grand Juries. Our goal is to support the grand jury system and promote local government accountability.

In the 2013-14 Placer County Grand Jury Report, Placer County Special Fire Districts: Open-Meeting and Ethics Laws Compliance, Grand Jury Recommendation R3 stated "County Code Amendment - To eliminate confusion, rewrite Placer County Code, Article 2.04.050, which currently seems to require that all Placer County elected officials' records of Ethics Training be maintained by the County's CEO's office. The change in the ordinance could designate that the County Clerk's Office (in accordance with R2 above) be responsible for collecting and maintaining, in addition to form 700, AB 1234/Ethics Training Certifications."

The Board of Supervisors and County Executives Response: was "This recommendation has not yet been implemented but will be partially implemented in the future. In order to further clarify the intent and purpose of Placer County Code section 2.04.050, County Counsel will prepare an Ordinance amendment requesting Board of Supervisors approval to revise the phrase "elected officials" to "County Elected Officials" or "Elected Officials in County service."

The following states what is required of a response: CA Penal Code Section 933.05 (b)(2) "The recommendation has not yet been implemented, but will be implemented in the future, with a timeframe for implementation."

We have found your response is not in compliance with the above as you gave no timeline for implementation. Please respond within thirty (30) days of this letter via email to info@pcgja.org with a copy of the Ordinance amendment stipulated in your response. Also, are the official records of Ethics Training certificates now being maintained in the County Clerk's office?
